# WHOLESALE PRICE LIST LINING OUT STOCK AND ORNAMENTALS SPRING 1941

For 77 consecutive years we have served the nursery industry with quality evergreens. Let us add you to our long list of customers.

## TERMS OF SALE

**PAYMENT**—CASH with order earns 5% discount and free packing. Otherwise packing charged for at actual cost. Regular terms to customers of known credit:

2% 10 days—30 days net.

**RATES**—25 trees of same variety and size at 100 rate,—250 at 1000 rate.

**CLAIMS**—We do not entertain claims unless made within six days after receipt of goods.

All orders accepted subject to loss of stock by drought or any other cause beyond our control.

**TO OUR EASTERN CUSTOMERS!** We can give you some mighty fast freight service! All our eastern freight crosses Lake Michigan on a carferry and is rushed east on through routes. Not only is it very rapid but rates are about 20% lower, as it cuts distance by hundreds of miles, by not going through Chicago.

## Excerpts!

**PENN.**—“Yes Sir! Your trees are the best stock you can buy anywhere, prices not even considered.”

**INDIANA**—“The lining out stock I ordered from you last fall was the best I have bought anywhere so far.”

**IOWA**—“We received a short time ago the trees very good and come through in fine shape, never saw trees packed better.”

**NEW YORK**—“I want to tell you that I am very well pleased with your trees. I have never had nicer trees and I have handled a great many.”

**VIRGINIA**—“It is a pleasure to do business with such a reliable firm and we assure you when we need more stock we shall call on you.”

(Gladly any above name on request)

# IMPORTANT!

THE EUROPEAN SITUATION has seriously affected the supply of Dwarf Mugho Pine, Scotch Pine, Norway Spruce, Austrian Pine and European Larch, as all these varieties are grown from imported seed. Practically no seed was imported this year, and some growers had none to plant. Fortunately we had some. Our prices on these varieties still remain the same as long as our supply holds out. There will be no seed coming this year either, so shortages on these varieties are going to be very acute.

# DECIDUOUS LINING OUT STOCK

In order to give our customers more complete service on lining out stock, we are now beginning to grow a complete assortment of deciduous lining out material. From now on each new list will show a still larger assortment.

Hard maple (*Acer saccharum*) was one of few deciduous liners we have grown for a long time. We have lots of customers in the trade who depend upon us for their supply every year. Ask for a sample and see the quality for yourself.
